| Deposit Term                                        | 36 Months                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Minimum/Maximum account opening amount              | 1. Minimum deposit of account opening is 1,000 Baht<br>2. No limit for maximum deposit                                                                                                                                                                                                                                                                                                                                                                       |
| Interest Rate per Year                              | 1.00 % per year for individual                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Details of Interest Rate                            | None                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Example of Interest Calculation                     | 1. Calculate interest daily from the amount of each deposit<br>2. $\text{Balance} \times \frac{\text{Interest Rate}}{100} \times \frac{\text{Number of Deposit Days}}{365/366}$<br>(However, to use 365 days or 366 days is depending on the calendar year)<br>3. For example: You deposit 100,000 Baht on November 18, 2025, for 1 day you will receive Interest as follows :<br>$100,000 \times \frac{1.00}{100} \times \frac{1}{365} = 2.73 \text{ Baht}$ |
| Interest Payment Period                             | Interest will be paid on the maturity date.                                                                                                                                                                                                                                                                                                                                                                                                                  |
